Salvage angioplasty following failed thrombolysis: *letter,* **702**
angiotensin II receptor antagonists, Recent advances in the drug treatment of heart failure: *review,* **658**
angiotensin-converting enzyme inhibitors, ACE inhibitor use and severe angioedema, **571**
Recent advances in the drug treatment of heart failure: *review,* **658**
animal bites, Fulminant infection by uncommon organisms in animal bite wounds, **611**
anorexia nervosa, The young woman who could not stop vomiting, **691**
anti-arrhythmics, Recent advances in the drug treatment of heart failure: *review,* **658**
antibiotic use, Learning to live with MRSA: *editorial,* **385**
anticoagulation, A man with purple toes, **51**
Painless blurred vision, **281**
antidepressants, Antidepressants are *not* drugs of abuse or dependence: *review,* **529**
antithyroid drugs, Thyrotoxicosis and antithyroid drugs: *letter,* **382**
anxiety, Acute anxiety – not always a psychiatrist's problem, **437**
argon laser photocoagulation, Blurred vision during exacerbation of ulcerative colitis, **551**
arrhythmia, An unconscious patient with an electrocardiogram mimicking an acute myocardial infarct, **499**
artificial nutrition, Disease-associated malnutrition in the year 2000: *review,* **65**
ascites, Current status of transjugular intrahepatic portosystemic shunts: *review,* **716**
Asians, Vitamin D replacement in Asians with diabetes may increase insulin resistance, **365**
aspirin, Platelets, aspirin, and cardiovascular disease: *review,* **587**
aspirin intoxication, Acute anxiety – not always a psychiatrist's problem, **437**
assessment, Recent developments in assessing medical students: *review,* **18**
asthma, Systemic activity of inhaled and swallowed beclomethasone dipropionate and the effect of different inhaler devices, **675**
asymptomatic murmurs: *letter,* **701**
atherectomy, Intracoronary ultrasound: *review,* **468**
atlantoaxial instability, Life-threatening neurological syndrome in Down's syndrome, **257**
audit, A collaborative audit of the management of hypertension in general practice, **165**
An audit of prostate-specific antigen and clinical symptoms in general practice, **28**
Management of inguinal herniae in patients on continuous ambulatory peritoneal dialysis: an audit of current UK practice, **669**
Ursodeoxycholic acid therapy for primary biliary cirrhosis. A 10-year British single-centre population-based audit of efficacy and survival, **482**
autoimmune disease, Stiff-man syndrome : *editorial,* **641**
auto-immune disease, Vertigo, hearing loss, and tinnitus, **375**
automobile accidents, Patterns of injury associated with automobile airbag use: *review,* **455**
avascular necrosis, Multiple joint pain following steroid therapy, **629**
axillary-subclavian vein, Painless arm swelling in a young woman, **773**

bacterial endocarditis, Cutaneous vasculitis and collapse, **695**
bacterial peritonitis, Short-course ceftriaxone therapy in spontaneous bacterial peritonitis, **592**
barium, Acute barium intoxication following ingestion of ceramic glaze, **545**
Barrett's oesophagus, Barrett's oesophagus: *review,* **653**
basal ganglia, Seizure, mental retardation and abnormal cranial CT in a child, **49**
beclomethasone dipropionate, Systemic activity of inhaled and swallowed beclomethasone dipropionate and the effect of different inhaler devices, **675**
beta-blockers, Recent advances in the drug treatment of heart failure: *review,* **658**
betel, Oesophageal subepithelial fibrosis: an extension of oral submucosal fibrosis, **733**
bilateral optic atrophy, Bilateral optic atrophy with hydrocephalus, **369**
biliary cirrhosis, Ursodeoxycholic acid therapy for primary biliary cirrhosis. A 10-year British single-centre population-based audit of efficacy and survival, **482**
biliary colic, The best management for 'crescendo biliary colic' is urgent laparoscopic cholecystectomy, **681**
biliary fistula, A spontaneous discharging wound on the abdominal wall, **505**
bisphosphonates, Further hearing loss during osteoporosis treatment with etidronate, **363**
blindness, Aortic valve mass and sudden blindness, **309**
Bilateral optic atrophy with hydrocephalus, **369**
blood transfusion, Research agenda for autologous blood transfusion: *editorial,* **579**

body-packer, Abdominal pain in a healthy young man, **183**
Boerhaave syndrome, Oesophageal perforation: a dangerous but potentially curable condition, **418**
Book reviews, Booij LHDJ. Neuromuscular transmission, **255**

bone mineral density, Genetic and environmental factors affecting bone mineral density in large families, **349**
breathlessness, Breathlessness in a patient with rheumatoid vasculitis, **294**
bright light therapy, Disorders of the sleep–wake cycle in adults: *review,* **134**
bronchial stenosis, An unusual cause of recurrent pneumonia, **367**
Budd-Chiari syndrome, Superior sagittal sinus and inferior vena cava thrombosis with acute Budd-Chiari syndrome, **557**
bullous emphysema, Spontaneous intercostal bulge, **179**

CA 19-9, Increased serum CA 19-9 antibodies in Sjögren's syndrome, **543**
Caffey's disease, Infantile peri-osteitis, **307**
calcification, Seizure, mental retardation and abnormal cranial CT in a child, **49**
calcium, Renal calculi following superior mesenteric artery occlusion, **303**
calcium pyrophosphate dihydrate deposition disease, Pre-auricular swelling and malocclusion, **276**
cancer, Cell and molecular mechanisms of pathogenesis and treatment of cancer: *review,* **77**
Total gastrointestinal endoscopy in the management of Peutz-Jeghers syndrome, **745**
Capnocytophaga canimorsus, Fulminant infection by uncommon organisms in animal bite wounds, **611**
carbon monoxide poisoning, Affective incontinence in a young adult, **243**
carcinoid tumour, Ectopic Cushing's syndrome and pulmonary carcinoid tumour identified by [In-DTPA-D-Phe]octreotide, **108**
carcinoma of the lung, Infiltrating carcinoma of the lung, **616**
carcinoma of the prostate, An audit of prostate-specific antigen and clinical symptoms in general practice, **28**
cardiac arrhythmias, Sudden death in a patient taking antipsychotic drugs, **445**
cardiomegaly, Flexion contractures of the lower limbs with urogenital anomalies, **765**
cardiomyopathy, Reversible cardiomyopathy in a patient with hairy cell leukaemia, **313**
career counselling, Induction training, career counselling, and performance review: views of junior medical staff, **411**
catecholamines, A patient with recurrent sweating, **689**
catheter placement techniques, Complications associated with different insertion techniques for Hickman catheters, **104**
catheter-associated endocarditis, Tricuspid regurgitation following central line insertion in a patient undergoing haemodialysis, **631**
caudal regression, Flexion contractures of the lower limbs with urogenital anomalies, **765**
caval compression, Invasive management of deep vein thrombosis, **311**
cavernous angiomas, Familial cavernous angiomas masquerading as multiple sclerosis, **439**
cavitary lung disease, Spontaneous intercostal bulge, **179**
ceftriaxone, Short-course ceftriaxone therapy in spontaneous bacterial peritonitis, **592**
cell biology, Cell and molecular mechanisms of pathogenesis and treatment of cancer: *review,* **77**
central nervous system, Isolated angiitis of central nervous system with pleocytosis in the cerebrospinal fluid, **43**
cerebrospinal fluid, Isolated angiitis of central nervous system with pleocytosis in the cerebrospinal fluid, **43**
cervical spondylosis, An 88-year-old woman with tetraparesis after a fall, **185**
cervicomedullary compression, A neurosurgically reversible cause of respiratory dysfunction in rheumatoid arthritis, **507**
chemotherapy, Complications associated with different insertion techniques for Hickman catheters, **104**
chest pain, Haematemesis and chest pain in a middle-aged woman, **285**
chewing tobacco, Oesophageal subepithelial fibrosis: an extension of oral submucosal fibrosis, **733**
children, Imported infections in East Birmingham children, **36**
Variability in management of symptomless microhaematuria in schoolchildren, **161**
cholesterol, Recognition and management of hypercholesterolaemia in patients awaiting elective coronary artery bypass grafting, **157**
The potential role of soluble fibre in the treatment of hypercholesterolaemia: *review,* **391**
cholesterol crystal embolism, A man with purple toes, **51**
chronic fatigue syndrome, Chronic fatigue syndrome: *letter,* **701**
Phosphate diabetes in patients with chronic fatigue syndrome, **229**
chronic myeloid leukaemia, Hypercalcaemia with radiographic abnormalities in chronic myeloid leukaemia, **301**
ciprofloxacin, Acute psychosis in a trauma patient due to ciprofloxacin, **189**
circadian clock, Disorders of the sleep–wake cycle in adults: *review,* **134**
cirrhosis, Liver cirrhosis: *review,* **193**
clinical trials, Statistics in medicine: some considerations from a clinician's point of view: *editorial,* **577**
Clostridium difficile, *Clostridium difficile*-associated diarrhoea, **677**
The role of surgery in pseudomembranous enterocolitis: *review,* **216**
Clostridium septicum, A rare cause of crepitus, **57**
cloxacillin, Severe cholestatic hepatitis following cloxacillin treatment, **59**
clozapine, Diabetic ketoacidosis and clozapine, **493**
cocaine, Abdominal pain in a healthy young man, **183**
coeliac disease, Primary thyroid failure and diarrhoea, **371**
collagen, Bipolar affective disorder, stress fractures, fungal dermopathy and 'tree frog fingers', **123**
colorectal carcinoma, An unusual mass in the thigh, **771**
common bile duct calculi, Common bile duct stenting for choledocholithiasis: a district general hospital experience, **358**
common variable immunodeficiency, A hypogammaglobulinaemic man with respiratory failure, **503**
compartment syndrome, Chronic leg pain, **431**
compliance, Antidepressants are *not* drugs of abuse or dependence: *review,* **529**
compression syndromes, Compression syndromes caused by substernal goitres: *review,* **327**; *letter,* **701**
computed tomography, Unravelling the helix – a physician's guide to spiral computed tomography: *review,* **96**
computer-aided learning, The evaluation of computer-aided learning in medicine: *editorial,* **706**
consultation, Consultation among physicians: conflict or complimentary purposes ?: *editorial,* **513**
copper, Copper, zinc, and magnesium levels in non-insulin dependent diabetes mellitus, **665**
cor pulmonale, Breathlessness in a patient with rheumatoid vasculitis, **294**
cornea verticillata, Amiodarone-induced cornea verticillata, **642**
coronary angioplasty, Intracoronary ultrasound: *review,* **468**
coronary arteries, Myocardial infarction in a pre-menopausal woman with angiographically normal coronary arteries, **671**
coronary disease, An unconscious patient with an electrocardiogram mimicking an acute myocardial infarct, **499**
cortisol, Ectopic Cushing's syndrome and pulmonary carcinoid tumour identified by [In-DTPA-D-Phe]octreotide, **108**
Cushing's disease, Bipolar affective disorder, stress fractures, fungal dermopathy and 'tree frog fingers', **123**
Cushing's syndrome, Ectopic Cushing's syndrome and pulmonary carcinoid tumour identified by [In-DTPA-D-Phe]octreotide, **108**
Epistaxis and diabetes mellitus in an obese woman, **429**
Hyperglycaemia in a patient with congenital hemihypertrophy, **625**
Hypokalaemic alkalosis, **305**
cyanocobalamin, Anaphylactoid reaction to hydroxycobalamin with tolerance of cyanocobalamin: *letter,* **702**
cyanosis, Liver disease presenting with cyanosis, **317**
cyberspace, Patients in cyberspace: information or confusion?: *editorial,* **449**
cystitis, Tiaprofenic acid and severe cystitis, **443**
cytomegalovirus, A hypogammaglobulinaemic man with respiratory failure, **503**
Cytomegalovirus infection associated with ulcerative colitis in immunocompetent individuals, **486**
Flu-like symptoms and hyperechoic foetal bowel, **769**

Dandy Walker complex, Bilateral optic atrophy with hydrocephalus, **369**
dantrolene, Malignant hyperthermia: *review,* **11**
deep vein thrombosis, Invasive management of deep vein thrombosis, **311**
dengue haemorrhagic fever, Fever, mucocutaneous haemorrhage, and severe headache during an epidemic of haemorrhagic fever, **433**
dermopathy, Bipolar affective disorder, stress fractures, fungal dermopathy and 'tree frog fingers', **123**
diabetes, Aldosterone excess: a rare non-nephropathic cause of hypertension in type I diabetes, **235**
Diabetic ketoacidosis and clozapine, **493**
Vitamin D replacement in Asians with diabetes may increase insulin resistance, **365**
diabetes insipidus, Hyperosmolar nonketotic coma precipitated by lithium-induced nephrogenic diabetes insipidus, **39**

diabetes mellitus, Copper, zinc, and magnesium levels in non-insulin dependent diabetes mellitus, **665**
Diabetes, fever, and flank pain, **241**
Diabetic retinopathy: *review,* **129**
Epistaxis and diabetes mellitus in an obese woman, **429**
Flexion contractures of the lower limbs with urogenital anomalies, **765**
Generalised wasting in a young diabetic, **683**
Oxidative stress in the development of diabetes during hyperthyroidism: *letter,* **381**
diabetic ketoacidosis, An unconscious diabetic patient, **549**
diabetic retinopathy, Diabetic retinopathy: *review,* **129**
dialysis, Management of inguinal herniae in patients on continuous ambulatory peritoneal dialysis: an audit of current UK practice, **669**
diaphragmatic function, Assessment of respiratory muscle function and strength: *review,* **208**
diarrhoea, Fever, thrombocytopenia, and diarrhoea, **259**
Primary thyroid failure and diarrhoea, **371**
Clostridium difficile-associated diarrhoea, **677**
diastolic heart failure, Isolated diastolic heart failure – what is it?: *review,* **451**
digoxin, Recent advances in the drug treatment of heart failure: *review,* **658**
diplopia, An unusual cause for a painful diplopia, **177**
diskitis, Diskitis, **360**
dislocation, A dislocated finger, **249**
diverticulitis, Perforated diverticulitis following extra-abdominal surgery: *letter,* **191**
diverticulosis., Multiple gastrointestinal complications in Marfan syndrome, **495**
door-to-needle time, The effect of reduction of door-to-needle times on the administration of thrombolytic therapy for acute myocardial infarction, **533**
Down's syndrome, Life-threatening neurological syndrome in Down's syndrome, **257**
Seizure, mental retardation and abnormal cranial CT in a child, **49**
drug abuse, Anabolic steroid induced hypogonadism treated with human chorionic gonadotropin, **45**
Antidepressants are *not* drugs of abuse or dependence: *review,* **529**
drug resistance, Cell and molecular mechanisms of pathogenesis and treatment of cancer: *review,* **77**
drug smuggling, Abdominal pain in a healthy young man, **183**
drug toxicity, An analysis of discharge drug prescribing amongst elderly patients with renal impairment, **420**
dural puncture, Visual problems following dural puncture, **47**
dysphagia, Compression syndromes caused by substernal goitres: *review,* **327**

ear-piercing, Native tricuspid valve endocarditis in a young woman, **637**
echinococcosis, Longstanding liver cysts and obstructive jaundice, **563**
Subcutaneous mass of the right thigh, **287**
echinococcus, An enlarging abdominal mass, **623**
Ecstasy, Chest pain in a young girl, **115**
ectopic ACTH, Epistaxis and diabetes mellitus in an obese woman, **429**
Hypokalaemic alkalosis, **305**
education, An obstetrics and gynaecology graduate residency programme in Venezuela: *review,* **25**
Induction training, career counselling, and performance review: views of junior medical staff, **411**
Interprofessional learning: *review,* **89**
Medical education in the USA – adult-friendly?, **737**
Recent developments in assessing medical students: *review,* **18**
The evaluation of computer-aided learning in medicine: *editorial,* **706**
Three visual techniques to enhance interprofessional learning: *review,* **387**
elderly, Acute psychosis in two elderly patients, **569**
An analysis of discharge drug prescribing amongst elderly patients with renal impairment, **420**
Assessment and treatment of nutritional status in stroke patients: *review,* **395**
Spontaneous bruising in an elderly woman, **273**
electrocardiogram, An unconscious patient with an electrocardiogram mimicking an acute myocardial infarct, **499**
Delays to thrombolysis: *letter,* **63**
emphysematous bulla, Sudden appearance of a mass on chest X-ray, **245**
emphysematous pyelonephritis, Diabetes, fever, and flank pain, **241**
empty sella syndrome, Hyponatraemia in a prepubertal middle-aged woman, **315**
endocarditis, Bacterial endocarditis: *letter,* **191**
endoscopic retrograde cholangiopancreatography, Longstanding liver cysts and obstructive jaundice, **563**
endoscopy, Haematemesis and chest pain in a middle-aged woman, **285**
enteric hyperoxaluria, Renal calculi following superior mesenteric artery occlusion, **303**
enteroscopy, Total gastrointestinal endoscopy in the management of Peutz-Jeghers syndrome, **745**
enzyme immunoelectrophoresis, False-positive serum LDH level due to interference from immunoglobulin: *letter,* **63**
eosinophilic fasciitis, An unusual soft tissue tumour and peripheral eosinophilia, **435**
epiphyseal separation, Separation of the proximal humeral epiphysis, **752**
epistaxis, Epistaxis and diabetes mellitus in an obese woman, **429**
First-aid treatment of epistaxis – confirmation of widespread ignorance, **113**
Epstein-Barr virus, An adolescent girl with abnormal liver profile, **239**
erectile dysfunction, Medical treatment of erectile dysfunction: *review,* **336**
Escherichia coli, Bilateral septic arthritis of the hips in a patient on long-term steroid treatment, **693**
etidronate, Further hearing loss during osteoporosis treatment with etidronate, **363**
excimer laser, Excimer laser ophthalmic surgery: evaluation of a new technology: *review,* **524**

femur, Unilateral sclerosis of upper femur, **553**
fibre, The potential role of soluble fibre in the treatment of hypercholesterolaemia: *review,* **391**
fibrinolysis, Painless arm swelling in a young woman, **773**
fibrodysplasia ossificans progressiva, An unusual cause of pulmonary hypertension and right heart failure, **697**
fibrous tumours, Huge localised fibrous tumour of the retroperitoneum: *letter,* **575**
finger, A dislocated finger, **249**
first-aid, First-aid treatment of epistaxis – confirmation of widespread ignorance, **113**
fish oil, Methotrexate pneumonitis precipitated by NSAIDs – can fish oil help?: *letter,* **381**
fistulography, A spontaneous discharging wound on the abdominal wall, **505**
fluorescein angiogram, Blurred vision during exacerbation of ulcerative colitis, **551**
foreign body aspiration, An unusual aspiration, **639**
Foreign body aspiration, **703**
foreign body ingestion, Dysphagia and regurgitation in a 10-year-old child, **289**
functional medical disorders, A simple instrument for assessing stress in clinical practice, **408**
Fusobacterium necrophorum, An unusual cause of an 'acute abdomen', **749**

gallstone disease, A spontaneous discharging wound on the abdominal wall, **505**
gallstones, The best management for 'crescendo biliary colic' is urgent laparoscopic cholecystectomy, **681**
gas gangrene, A rare cause of crepitus, **57**
gastric rupture, Gastric rupture secondary to successful Heimlich manoeuvre, **609**
gastric volvulus, An unusual acute gastric emergency, **373**
gastro-oesophageal reflux disease, Barrett's oesophagus: *review,* **653**
Trends in the management of gastro-oesophageal reflux disease: *review,* **145**
Gelofusine, Plasma expanders used to treat or prevent hypotension can themselves cause hypotension, **492**
general practice, A collaborative audit of the management of hypertension in general practice, **165**
genetics, Genetic and environmental factors affecting bone mineral density in large families, **349**
giant cell arteritis, A 69-year-old woman with intermittent claudication and elevated ESR, **756**
Giant cell arteritis presenting as renal vasculitis, **170**
glaucoma, Glaucoma: diagnosis and management: *review,* **709**
glioblastoma multiforme, Hemiparesis following influenza vaccination, **633**
glucocorticoid replacement therapy, Increasing need for replacement therapy in long-standing Addison's disease, **291**
glucose tolerance, Oxidative stress in the development of diabetes during hyperthyroidism: *letter,* **381**
glycated haemoglobin, Elevated glycated haemoglobin in non-diabetic patients is associated with an increased mortality in myocardial infarction, **480**
goitre, Compression syndromes caused by substernal goitres: *review,* **327**; *letter,* **701**

H2-receptor antagonists, Trends in the management of gastro-oesophageal reflux disease: *review,* **145**
haemangioma, Progressive neurological symptoms in a diabetic patient, **699**
haemangiopericytoma, Progressive proptosis in a neonate, **559**
haematemesis, Haematemesis and chest pain in a middle-aged woman, **285**

haematuria, Variability in management of symptomless microhaematuria in schoolchildren, **161**
haemodialysis, Acute barium intoxication following ingestion of ceramic glaze, **545**
Tricuspid regurgitation following central line insertion in a patient undergoing haemodialysis, **631**
haemorrhage, Fever, mucocutaneous haemorrhage, and severe headache during an epidemic of haemorrhagic fever, **433**
Spontaneous retromammary haemorrhage during warfarin therapy, **347**
haemothorax, Spontaneous haemothorax: a cause of sudden death in von Recklinghausen's disease, **679**
hairy cell leukaemia, Reversible cardiomyopathy in a patient with hairy cell leukaemia, **313**
healthcare delivery, Telemedicine in the NHS for the millennium and beyond: *review,* **721**
heart failure, Recent advances in the drug treatment of heart failure: *review,* **658**
Heimlich manoeuvre, Gastric rupture secondary to successful Heimlich manoeuvre, **609**
Helicobacter pylori, Trends in the management of gastro-oesophageal reflux disease: *review,* **145**
hemihypertrophy, Hyperglycaemia in a patient with congenital hemihypertrophy, **625**
hemiparesis, Sudden right-sided hemiparesis in a middle-aged woman, **627**
hepatic abscess, An unusual cause of peripheral neuropathy, **299**
hepatitis, An adolescent girl with abnormal liver profile, **239**
Hepatitis B and C virus infection in patients with high serum transaminases: *letter,* **511**
Severe cholestatic hepatitis following cloxacillin treatment, **59**
hepatocellular adenomas, Hepatomegaly and multiple liver lesions, **439**
hepatoportal sclerosis, Liver disease presenting with cyanosis, **317**
hepatopulmonary syndrome, Liver disease presenting with cyanosis, **317**
hereditary angioedema, Coexistence of hereditary angioedema and Turner's syndrome, **41**
hereditary haemorrhagic telangiectasia, An unusual cause of anaemia, **617**
hernia, Blunt abdominal trauma, **53**
herniation, Spontaneous intercostal bulge, **179**
herpes zoster, Characteristics of patients with shingles admitted to a district general hospital, **101**
Neurological manifestations in a patient with visceral leishmaniasis, **423**
Hickman catheter, Complications associated with different insertion techniques for Hickman catheters, **104**
hip fracture, Knee pain – a false lead, **297**
hip joint, Bilateral septic arthritis of the hips in a patient on long-term steroid treatment, **693**
history, Platelets, aspirin, and cardiovascular disease: *review,* **587**
human chorionic gonadotropin, Anabolic steroid induced hypogonadism treated with human chorionic gonadotropin, **45**
human immunodeficiency virus, Fever, thrombocytopenia, and diarrhoea, **259**
Primary pulmonary hypertension associated with human immunodeficiency virus infection: *review,* **400**
hydatid cyst, Subcutaneous mass of the right thigh, **287**
hydatid disease, An enlarging abdominal mass, **623**
Longstanding liver cysts and obstructive jaundice, **563**
hydrocarbon, Occupational hydrocarbon exposure and nephrotoxicity: a cohort study and literature review, **225**
hydroxycobalamin, Anaphylactoid reaction to hydroxycobalamin with tolerance of cyanocobalamin: *letter,* **702**
hydroxychloroquine, Sarcoidosis of the paranasal sinuses treated with hydroxychloroquine, **172**
hyperamylasaemia, Metastatic multiple myeloma with hyperamylasaemia and hyperlipasaemia, **621**
hypercalcaemia, Hypercalcaemia and abdominal pain, **377**
Hypercalcaemia with radiographic abnormalities in chronic myeloid leukaemia, **301**
hypercholesterolaemia, Recognition and management of hypercholesterolaemia in patients awaiting elective coronary artery bypass grafting, **157**
hyperechoic bowel, Flu-like symptoms and hyperechoic foetal bowel, **769**
hyperglycaemia, Hyperglycaemia in a patient with congenital hemihypertrophy, **625**
hyperimmunoglobin E, Recurrent infections and multiple bone fractures in a 4-year-old child, **497**
hyperlipasaemia, Metastatic multiple myeloma with hyperamylasaemia and hyperlipasaemia, **621**
hyperosmolar coma, Hyperosmolar nonketotic coma precipitated by lithium-induced nephrogenic diabetes insipidus, **39**
hyperparathyroidism, Cure of hyperparathyroidism in pregnancy by sternotomy and removal of a mediastinal parathyroid adenoma, **233**
Hypercalcaemia and abdominal pain, **377**
hyperprolactinaemia, An overweight woman with galactorrhoea, **121**
hypertension, A collaborative audit of the management of hypertension in general practice, **165**
Blurred vision and high blood pressure in a young woman, **614**
Hypertension and renal failure, **263**
hyperthyroidism, Increasing need for replacement therapy in long-standing Addison's disease, **291**
Oxidative stress in the development of diabetes during hyperthyroidism: *letter,* **381**
hypertrophic cardiomyopathy, Sudden death associated with group A streptococcal infection in an 8-year-old girl with undiagnosed hypertrophic cardiomyopathy, **673**
hyphaema, Painless blurred vision, **281**
hypogammaglobulinaemia, A hypogammaglobulinaemic man with respiratory failure, **503**
hypoglycaemia, Ovarian carcinoma producing hypoglycaemia, **117**
Recurrent hypoglycaemia, **279**
hypogonadism, Anabolic steroid induced hypogonadism treated with human chorionic gonadotropin, **45**
hypocalcaemia, Skeletal abnormalities, hypocalcaemia and intracranial calcification, **119**
hypokalaemia, Aldosterone excess: a rare non-nephropathic cause of hypertension in type I diabetes, **235**
hyponatraemia, Hyponatraemia: biochemical and clinical perspectives: *review,* **516**
Hyponatraemia in a prepubertal middle-aged woman, **315**
hypopituitarism, Hyponatraemia in a prepubertal middle-aged woman, **315**
hypotension, Plasma expanders used to treat or prevent hypotension can themselves cause hypotension, **492**
hypothalamic–pituitary–adrenal axis, Orthostatic hypotension in an elderly patient, **685**
hypothermia, An unconscious diabetic patient, **549**
hypothyroidism, A case of a yellow patient, **55**
Management of the unexpected result: compensated hypothyroidism, **729**
Primary thyroid failure and diarrhoea, **371**

Images in medicine, A fortunate adverse drug reaction, **422**
Amiodarone-induced cornea verticillata, **642**
An unusual aspiration, **639**
Diskitis, **360**
Endobronchial Kaposi's sarcoma, **515**
Foreign body aspiration, **703**
Infiltrating carcinoma of the lung, **616**
Intravascular monitoring of successful reperfusion following rescue angioplasty, **485**
Retroperitoneal haematoma, **415**
Stab wounds to the heart, **38**
immunocompetent subjects, Cytomegalovirus infection associated with ulcerative colitis in immunocompetent individuals, **486**
Indians, Oesophageal subepithelial fibrosis: an extension of oral submucosal fibrosis, **733**
induction training, Induction training, career counselling, and performance review: views of junior medical staff, **411**
infantile cortical hyperostosis, Infantile peri-osteitis, **307**
infection, Fever, hepatosplenomegaly and pancytopenia in a patient living in the Mediterranean region, **237**
infectious diseases, Imported infections in East Birmingham children, **36**
infectious mononucleosis, An adolescent girl with abnormal liver profile, **239**
inferior vena cava thrombosis, Superior sagittal sinus and inferior vena cava thrombosis with acute Budd-Chiari syndrome, **557**
inflammatory tumours, Pituitary mass and inflammatory pseudotumours of lung and retroperitoneum: *letter,* **575**
influenza vaccine, Hemiparesis following influenza vaccination, **633**
Pneumonitis secondary to the influenza vaccine, **541**
inguinal hernia, Management of inguinal herniae in patients on continuous ambulatory peritoneal dialysis: an audit of current UK practice, **669**
inhalation, Abnormal liver function tests following inadvertent inhalation of volatile hydrocarbons, **747**
inhaler devices, Systemic activity of inhaled and swallowed beclomethasone dipropionate and the effect of different inhaler devices, **675**
insulin resistance, Oxidative stress in the development of diabetes during hyperthyroidism: *letter,* **381**
Vitamin D replacement in Asians with diabetes may increase insulin resistance, **365**
insulin-like growth factors, Recurrent hypoglycaemia, **279**
interferon-induced cardiomyopathy, Reversible cardiomyopathy in a patient with hairy cell leukaemia, **313**
intermittent claudication, A 69-year-old woman with intermittent claudication and elevated ESR, **756**
Internet, Patients in cyberspace: information or confusion?: *editorial,* **449**
The use of the Internet amongst gastroenterology out-patients: *letter,* **701**
interprofessional learning, Interprofessional learning: *review,* **89**
Three visual techniques to enhance interprofessional learning: *review,* **387**

intracavernosal injections, Medical treatment of erectile dysfunction: *review,* **336**
intracerebral haemorrhage, Stroke in a young woman, **555**
intracoronary ultrasound, Intracoronary ultrasound: *review,* **468**
intussusception, A rare abdominal cystic mass with unusual presentation, **175**
ischaemic heart disease, Recognition and management of hypercholesterolaemia in patients awaiting elective coronary artery bypass grafting, **157**
The potential role of soluble fibre in the treatment of hypercholesterolaemia: *review,* **391**

jaundice, Longstanding liver cysts and obstructive jaundice, **563**
jet lag, Disorders of the sleep–wake cycle in adults: *review,* **134**
Job's syndrome, Recurrent infections and multiple bone fractures in a 4-year-old child, **497**

Kernohan's notch, Sudden right-sided hemiparesis in a middle-aged woman, **627**
ketoacidosis, Diabetic ketoacidosis and clozapine, **493**
kidney, Diabetes, fever, and flank pain, **241**
Klippel-Trenaunay syndrome, Hyperglycaemia in a patient with congenital hemihypertrophy, **625**
knee joint, A case of intra-articular metaplasia, **565**

lactate dehydrogenase anomaly, False-positive serum LDH level due to interference from immunoglobulin: *letter,* **63**
lactic acidosis, Metabolic acidosis, **427**
laparoscopic cholecystectomy, The best management for 'crescendo biliary colic' is urgent laparoscopic cholecystectomy, **681**
laparoscopic fundoplication, Trends in the management of gastro-oesophageal reflux disease: *review,* **145**
leg pain, Chronic leg pain, **431**
leishmaniasis, Fever, hepatosplenomegaly and pancytopenia in a patient living in the Mediterranean region, **237**
Neurological manifestations in a patient with visceral leishmaniasis, **423**
Pyrexia, pancytopenia and macrophage inclusions in an elderly woman, **561**
Lemierre's syndrome, An unusual cause of an 'acute abdomen', **749**
Lenk's triad, Spontaneous perirenal haematoma, **767**
lipase, Increased serum CA 19-9 antibodies in Sjögren's syndrome, **543**
lipodystrophy syndromes, Generalised wasting in a young diabetic, **683**
liposomal amphotericin, Pyrexia, pancytopenia and macrophage inclusions in an elderly woman, **561**
lithium, Hyperosmolar nonketotic coma precipitated by lithium-induced nephrogenic diabetes insipidus, **39**
Littre's hernia, Acute testicular pain, **635**
liver abscess, Diagnosis of anaplastic pancreatic cancer with multiple liver metastases: *letter,* **447**
Mycobacterial liver abscess in a patient with AIDS, **181**
liver disease, Liver disease presenting with cyanosis, **317**
liver fibrosis, Liver cirrhosis: *review,* **193**
liver function tests, Abnormal liver function tests following inadvertent inhalation of volatile hydrocarbons, **747**
liver mestastases, Diagnosis of anaplastic pancreatic cancer with multiple liver metastases: *letter,* **447**
liver transplantation, Current status of transjugular intrahepatic portosystemic shunts: *review,* **716**
living wills, Advance directives and living wills: *review,* **151**
lobar pneumonia, An unusual cause of recurrent pneumonia, **367**
loose bodies, A case of intra-articular metaplasia, **565**
lumbar puncture, Subarachnoid haemorrhage: difficulties in diagnosis and treatment, **743**
lung bulla, Spontaneous intercostal bulge, **179**
lung cancer, A penile mass, **763**
Epistaxis and diabetes mellitus in an obese woman, **429**
lymphangioma, A rare abdominal cystic mass with unusual presentation, **175**
lymphogranuloma venereum, Lymphogranuloma venereum as a cause of rectal strictures, **168**

macular degeneration, Age-related macular degeneration: *review,* **203**
magnesium, Copper, zinc, and magnesium levels in non-insulin dependent diabetes mellitus, **665**
magnetic resonance imaging, Bilateral septic arthritis of the hips in a patient on long-term steroid treatment, **693**
Familial cavernous angiomas masquerading as multiple sclerosis, **489**
Progressive neurological symptoms in a diabetic patient, **699**
malaria, Abdominal pain in a patient with falciparum malaria, **425**
Imported infections in East Birmingham children, **36**
malignancy-related hypercalcaemia, Hypercalcaemia with radiographic abnormalities in chronic myeloid leukaemia, **301**
malignant hyperthermia, Malignant hyperthermia: *review,* **11**
malnutrition, Disease-associated malnutrition in the year 2000: *review,* **65**
Marfan syndrome, Multiple gastrointestinal complications in Marfan syndrome, **495**
mediastinal adenoma, Cure of hyperparathyroidism in pregnancy by sternotomy and removal of a mediastinal parathyroid adenoma, **233**
medical information, Patients in cyberspace: information or confusion?: *editorial,* **449**
megestrol, Orthostatic hypotension in an elderly patient, **685**
Meigs syndrome, Pleural effusion and a pelvic mass, **265**
melatonin therapy, Disorders of the sleep–wake cycle in adults: *review,* **134**
meningitis, Isolated angiitis of central nervous system with pleocytosis in the cerebrospinal fluid, **43**
mesodermal dysplasia, Flexion contractures of the lower limbs with urogenital anomalies, **765**
meta-analysis, Statistics in medicine: some considerations from a clinician's point of view: *editorial,* **577**
metabolic acidosis, Acute anxiety – not always a psychiatrist's problem, **437**
metacarpophalangeal joint, A dislocated finger, **249**
metastatic disease, An unusual cause for a painful diplopia, **177**
metformin, Metabolic acidosis, **427**
methotrexate, Methotrexate pneumonitis precipitated by NSAIDs – can fish oil help?: *letter,* **381**
metronidazole, *Clostridium difficile*-associated diarrhoea, **677**
mitral valve disease, An unusual cause of recurrent pneumonia, **367**
mood disorder, Acute psychosis in two elderly patients, **569**
mortality, Elevated glycated haemoglobin in non-diabetic patients is associated with an increased mortality in myocardial infarction, **480**
MRCP examination, How to pass the MRCP (UK) examination – ask a successful candidate!, **33**
MRSA, Learning to live with MRSA: *editorial,* **385**
Rapid postoperative onset of neurological dysfunction, **261**
multiple-choice questions, Cardiology questions for the MRCP (UK) examination, **643**
Multiple-choice questions in gastro-enterology and hepatology, **379, 441, 509, 573**
multiple myeloma, Metastatic multiple myeloma with hyperamylasaemia and hyperlipasaemia, **621**
multiple sclerosis, Familial cavernous angiomas masquerading as multiple sclerosis, **489**
myasthenia gravis, Thymectomy for myasthenia gravis: *review,* **139**
mycobacterium, Spontaneous intercostal bulge, **179**
***Mycobacterium avium* complex,** Mycobacterial liver abscess in a patient with AIDS, **181**
myocardial infarction, Elevated glycated haemoglobin in non-diabetic patients is associated with an increased mortality in myocardial infarction, **480**
Myocardial infarction in a pre-menopausal woman with angiographically normal coronary arteries, **671**
Myocardial infarction in a young man, **247**
Platelets, aspirin, and cardiovascular disease: *review,* **587**
Salvage angioplasty following failed thrombolysis: *letter,* **702**
The effect of reduction of door-to-needle times on the administration of thrombolytic therapy for acute myocardial infarction, **533**
The use of HMG Co-A reductase inhibitors following acute myocardial infarction in hospital practice, **600**
Time delay to thrombolytic therapy – a Sri Lankan perspective, **405**

nasal intermittent positive pressure ventilation, Nasal ventilation: *review,* **343**
native tricuspid valve endocarditis, Native tricuspid valve endocarditis in a young woman, **637**
neck manipulation, Sudden onset vomiting and vertigo following chiropractic neck manipulation, **567**
necrobacillosis, An unusual cause of an 'acute abdomen', **749**
neonates, Progressive proptosis in a neonate, **559**
nephropathy, Aldosterone excess: a rare non-nephropathic cause of hypertension in type I diabetes, **235**
nephrotic syndrome, Myocardial infarction in a young man, **247**
nephrotoxicity, Occupational hydrocarbon exposure and nephrotoxicity: a cohort study and literature review, **225**
neurocysticercosis, Neurocysticercosis: *review,* **321**
neurofibromatosis, Spontaneous haemothorax: a cause of sudden death in von Recklinghausen's disease, **679**
neuroleptic malignant syndrome, Fits and starts, **687**
The neuroleptic malignant syndrome: a logical approach to the patient with temperature and rigidity: *review,* **72**
neurologic complications, Life-threatening neurological syndrome in Down's syndrome, **257**
neurological symptoms., Abnormal liver function tests following inadvertent inhalation of volatile hydrocarbons, **747**
neurotoxicity, Myasthenic syndrome of snake envenomation: a clinical and neurophysiological study, **596**
neutropenia, Ticlopidine-induced severe neutropenia, **126**
nifedipine, Rapid recurrence of pulmonary hypertension following cessation of nifedipine, **111**
non-Hodgkin's lymphoma, Omental cake – cause?, **267**

non-islet cell tumour, Ovarian carcinoma producing hypoglycaemia, **117**
Recurrent hypoglycaemia, **279**
nutrition, Assessment and treatment of nutritional status in stroke patients: *review,* **395**
Spontaneous bruising in an elderly woman, **273**

octreotide scanning, Ectopic Cushing's syndrome and pulmonary carcinoid tumour identified by [In-DTPA-D-Phe]octreotide, **108**
ocular damage, Diplopia in a swimmer due to badly fitting goggles, **607**
oesophageal apoplexy, Haematemesis and chest pain in a middle-aged woman, **285**
oesophageal perforation, Oesophageal perforation: a dangerous but potentially curable condition, **418**
oesophageal strictures, Dysphagia and regurgitation in a 10-year-old child, **289**
oesophageal subepithelial fibrosis, Oesophageal subepithelial fibrosis: an extension of oral submucosal fibrosis, **733**
oestrogen therapy, Coexistence of hereditary angioedema and Turner's syndrome, **41**
ofloxacin, Severe cholestatic hepatitis following cloxacillin treatment, **59**
omental cake, Omental cake – cause?, **267**
omeprazole, Pyrexia, anaemia and acute renal failure secondary to omeprazole, **416**
ophthalmic surgery, Excimer laser ophthalmic surgery: evaluation of a new technology: *review,* **524**
oral submucosal fibrosis, Oesophageal subepithelial fibrosis: an extension of oral submucosal fibrosis, **733**
orbit, Progressive proptosis in a neonate, **559**
Organ of Zuckerkandl, A patient with recurrent sweating, **689**
orthostatic hypotension, Orthostatic hypotension in an elderly patient, **685**
osteoporosis, Genetic and environmental factors affecting bone mineral density in large families, **349**
ototoxicity, Further hearing loss during osteoporosis treatment with etidronate, **363**
ovarian cyst, Invasive management of deep vein thrombosis, **311**
ovarian tumour, Pleural effusion and a pelvic mass, **265**
oxidative stress, Oxidative stress in the development of diabetes during hyperthyroidism: *letter,* **381**

Paget's disease, Unilateral sclerosis of upper femur, **553**
pancreas, An abdominal mass following a road traffic accident, **501**
pancreatic cancer, Diagnosis of anaplastic pancreatic cancer with multiple liver metastases: *letter,* **447**
Diagnosis of anaplastic pancreatic cancer with multiple liver metastases: *letter,* **447**
pancreatic mass, Pyrexia of unknown origin, **271**
pancreatitis, Abdominal pain in a patient with falciparum malaria, **425**
Hypercalcaemia and abdominal pain, **377**
Increased serum CA 19-9 antibodies in Sjögren's syndrome, **543**
pancytopenia, Pyrexia, pancytopenia and macrophage inclusions in an elderly woman, **561**
papillary fibroelastoma, Aortic valve mass and sudden blindness, **309**
paralysis, An 88-year-old woman with tetraparesis after a fall, **185**
paranasal sinuses, Sarcoidosis of the paranasal sinuses treated with hydroxychloroquine, **172**
paranoid schizophrenia, Self-mutilation and behavioural disorder, **759**
para-oesophageal hiatus, An unusual acute gastric emergency, **373**
parathyroid hormone, Skeletal abnormalities, hypocalcaemia and intracranial calcification, **119**
Pasteurella multocida, Fulminant infection by uncommon organisms in animal bite wounds, **611**
pathogenesis, Cell and molecular mechanisms of pathogenesis and treatment of cancer: *review,* **77**
penile metastasis, A penile mass, **763**
percutaneous transluminal angioplasty, Angioplasty and stenting in the carotid and vertebral arteries: *review,* **7**
perforation, Perforated diverticulitis following extra-abdominal surgery: *letter,* **191**
performance review, Induction training, career counselling, and performance review: views of junior medical staff, **411**
peri-osteitis, Infantile peri-osteitis, **307**
peripheral neuropathy, An unusual cause of peripheral neuropathy, **299**
perirenal haematoma, Spontaneous perirenal haematoma, **767**
Peutz-Jeghers syndrome, Total gastrointestinal endoscopy in the management of Peutz-Jeghers syndrome, **745**
phaeochromocytoma, A patient with recurrent sweating, **689**
phosphate diabetes, Phosphate diabetes in patients with chronic fatigue syndrome, **229**
photodynamic therapy, Barrett's oesophagus: *review,* **653**
photosensitivity, Risperidone-induced photosensitivity, **252**
phrenic nerve stimulation, Assessment of respiratory muscle function and strength: *review,* **208**
pituitary mass, Pituitary mass and inflammatory pseudotumours of lung and retroperitoneum: *letter,* **575**
plasma expanders, Plasma expanders used to treat or prevent hypotension can themselves cause hypotension, **492**
Plasmodium falciparum, Abdominal pain in a patient with falciparum malaria, **425**
pneumomediastinum, Chest pain in a young girl, **115**
Stab wounds to the heart: a useful radiological sign, **38**
pneumonitis, Methotrexate pneumonitis precipitated by NSAIDs – can fish oil help?: *letter,* **381**
Pneumonitis secondary to the influenza vaccine, **541**
pneumopericardium, Chest pain in a young girl, **115**
Stab wounds to the heart: a useful radiological sign, **38**
poisoning, Acute barium intoxication following ingestion of ceramic glaze, **545**
polypharmacy, Orthostatic hypotension in an elderly patient, **685**
portal hypertension, Current status of transjugular intrahepatic portosystemic shunts: *review,* **716**
pregnancy, Cure of hyperparathyroidism in pregnancy by sternotomy and removal of a mediastinal parathyroid adenoma, **233**
Thyroid disease in pregnancy: *review,* **583**
prenatal diagnosis, Flu-like symptoms and hyperechoic foetal bowel, **769**
proptosis, Progressive proptosis in a neonate, **559**
prostate carcinoma, Unilateral sclerosis of upper femur, **553**
prostate-specific antigen, An audit of prostate-specific antigen and clinical symptoms in general practice, **28**
proton pump inhibitor, Trends in the management of gastro-oesophageal reflux disease: *review,* **145**
proximal humerus, Separation of the proximal humeral epiphysis, **752**
pseudocyst, An abdominal mass following a road traffic accident, **501**
pseudogout, Pre-auricular swelling and malocclusion, **276**
pseudohypoparathyroidism., Skeletal abnormalities, hypocalcaemia and intracranial calcification, **119**
pseudomembranous enterocolitis, The role of surgery in pseudomembranous enterocolitis: *review,* **216**
***Pseudomonas* infection,** Localised upper airway obstruction in a patient with acquired immunodeficiency syndrome, **604**
pseudotumours, Pituitary mass and inflammatory pseudotumours of lung and retroperitoneum: *letter,* **575**
psoas abscess, An elderly man with an irritable hip, **547**
psychosis, Acute psychosis in a trauma patient due to ciprofloxacin, **189**
Acute psychosis in two elderly patients, **569**
psychosomatic medicine, Does psychological intervention help chronic skin conditions?, **662**
puerperium, Death due to air embolism during sexual intercourse in the puerperium, **612**
pulmonary hypertension, Breathlessness in a patient with rheumatoid vasculitis, **294**
Primary pulmonary hypertension associated with human immunodeficiency virus infection: *review,* **400**
Rapid recurrence of pulmonary hypertension following cessation of nifedipine, **111**
pulmonary vasculitis, Breathlessness in a patient with rheumatoid vasculitis, **294**
purple toes, A man with purple toes, **51**
pyrexia, Fever, thrombocytopenia, and diarrhoea, **259**
Pyrexia, anaemia and acute renal failure secondary to omeprazole, **416**
Pyrexia, pancytopenia and macrophage inclusions in an elderly woman, **561**
pyrexia of unknown origin, Giant cell arteritis presenting as renal vasculitis, **170**
Pyrexia of unknown origin, the age-old dilemma, **761**
Pyrexia of unknown origin, **271**

quality of life, A simple instrument for assessing stress in clinical practice, **408**

rating scales, A simple instrument for assessing stress in clinical practice, **408**
rectal strictures, Lymphogranuloma venereum as a cause of rectal strictures, **168**
rectal tumours, Lymphogranuloma venereum as a cause of rectal strictures, **168**
rectus sheath haematoma, An unusual abdominal mass, **187**
referral, Consultation among physicians: conflict or complimentary purposes ?: *editorial,* **513**
referred pain, Knee pain – a false lead, **297**
rehabilitative procedures, Life-threatening neurological syndrome in Down's syndrome, **257**
renal artery stenosis, Hypertension and renal failure, **263**
renal calculi, Renal calculi following superior mesenteric artery occlusion, **303**
renal failure, A man with purple toes, **51**
Metabolic acidosis, **427**
Pyrexia, anaemia and acute renal failure secondary to omeprazole, **416**
renal impairment, An analysis of discharge drug prescribing amongst elderly patients with renal impairment, **420**
renal tubular reabsorption, Phosphate diabetes in patients with chronic fatigue syndrome, **229**

renal vasculitis, Giant cell arteritis presenting as renal vasculitis, **170**
reperfusion, 'Rescue' after failed thrombolysis for acute myocardial infarction, **355**
residency programmes, An obstetrics and gynaecology graduate residency programme in Venezuela: *review,* **25**
respiratory alkalosis, Acute anxiety – not always a psychiatrist's problem, **437**
respiratory dysfunction, A neurosurgically reversible cause of respiratory dysfunction in rheumatoid arthritis, **507**
respiratory muscle strength, Assessment of respiratory muscle function and strength: *review,* **208**
resuscitation, An unconscious diabetic patient, **549**
retinal vascular disease, Blurred vision during exacerbation of ulcerative colitis, **551**
retinal vein occlusion, Blurred vision and high blood pressure in a young woman, **614**
retroperitoneal fibrosis, Pituitary mass and inflammatory pseudotumours of lung and retroperitoneum: *letter,* **575**
Systemic multifocal fibrosclerosis, **608**
retroperitoneum, Huge localised fibrous tumour of the retroperitoneum: *letter,* **575**
rheumatoid arthritis, A neurosurgically reversible cause of respiratory dysfunction in rheumatoid arthritis, **507**
Breathlessness in a patient with rheumatoid vasculitis, **294**
risk factors, Genetic and environmental factors affecting bone mineral density in large families, **349**
risperidone, Risperidone-induced photosensitivity, **252**
Roth spots, White-centred retinal haemorrhages (Roth spots): *review,* **581**

salicylate poisoning, Acute anxiety – not always a psychiatrist's problem, **437**
sarcoidosis, Sarcoidosis of the paranasal sinuses treated with hydroxychloroquine, **172**
Cutaneous sarcoidosis: *review,* **649**
sarcoidosis–lymphoma syndrome, Sarcoidosis–lymphoma syndrome in a woman with acromegaly: *letter,* **382**
sarcomatous degeneration, Unilateral sclerosis of upper femur, **553**
sclerosing lobulitis, Systemic multifocal fibrosclerosis, **608**
sclerosis, Unilateral sclerosis of upper femur, **553**
scorpion sting, Stroke in a young woman, **555**
scurvy, Spontaneous bruising in an elderly woman, **273**
Separation of the proximal humeral epiphysis, **752**
secondary hyperlipidaemia, A case of a yellow patient, **55**
self-injury, Self-mutilation and behavioural disorder, **759**
sella turcica, Hyponatraemia in a prepubertal middle-aged woman, **315**
sensorineural hearing loss, Vertigo, hearing loss, and tinnitus, **375**
septic arthritis, Bilateral septic arthritis of the hips in a patient on long-term steroid treatment, **693**
seroconversion, Flu-like symptoms and hyperechoic foetal bowel, **769**
serum ferritin, Massively elevated serum ferritin in an ill man with abnormal liver function tests, **619**
serum transaminase, Hepatitis B and C virus infection in patients with high serum transaminases: *letter,* **511**
sexual intercourse, Death due to air embolism during sexual intercourse in the puerperium, **612**
shingles, Characteristics of patients with shingles admitted to a district general hospital, **101**
short bowel syndrome, Renal calculi following superior mesenteric artery occlusion, **303**
sixth nerve palsy, An unusual cause for a painful diplopia, **177**
Sjögren's syndrome, Increased serum CA 19-9 antibodies in Sjögren's syndrome, **543**
skeletal muscle metastasis, An unusual mass in the thigh, **771**
skin disease, Cutaneous sarcoidosis: *review,* **649**
Does psychological intervention help chronic skin conditions?, **662**
sleep disorders, Disorders of the sleep–wake cycle in adults: *review,* **134**
small-cell carcinoma, Hypokalaemic alkalosis, **305**
smoking, Smoking and pursuit of thinness in schoolgirls in London and Ottawa, **473**
snake bites, Myasthenic syndrome of snake envenomation: a clinical and neurophysiological study, **596**
soft tissue tumours, An unusual soft tissue tumour and peripheral eosinophilia, **435**
Subcutaneous mass of the right thigh, **287**
Speed, Chest pain in a young girl, **115**
spinal cord compression, Life-threatening neurological syndrome in Down's syndrome, **257**
Progressive neurological symptoms in a diabetic patient, **699**
spinal epidural abscess, Rapid postoperative onset of neurological dysfunction, **261**
spinal tuberculoma, Acute paraparesis with tuberculous meningitis, **269**
spirometry, Hospital doctors' assessment of baseline spirometry, **537**
Sri Lanka, Time delay to thrombolytic therapy – a Sri Lankan perspective, **405**
stab wound, Stab wounds to the heart: a useful radiological sign, **38**
Staphylococcal aureus, Tricuspid regurgitation following central line insertion in a patient undergoing haemodialysis, **631**
Staphylococcus epidermidis, Native tricuspid valve endocarditis in a young woman, **637**
statins, The use of HMG Co-A reductase inhibitors following acute myocardial infarction in hospital practice, **600**
statistics, Statistics in medicine: some considerations from a clinician's point of view: *editorial,* **577**
stents, Angioplasty and stenting in the carotid and vertebral arteries: *review,* **7**
Common bile duct stenting for choledocholithiasis: a district general hospital experience, **358**
Intracoronary ultrasound: *review,* **468**
Longstanding liver cysts and obstructive jaundice, **563**
steroid therapy, Bilateral septic arthritis of the hips in a patient on long-term steroid treatment, **693**
Multiple joint pain following steroid therapy, **629**
stiff-man syndrome, Stiff-man syndrome : *editorial,* **641**
Still's disease, Massively elevated serum ferritin in an ill man with abnormal liver function tests, **619**
streptococcal infection, Sudden death associated with group A streptococcal infection in an 8-year-old girl with undiagnosed hypertrophic cardiomyopathy, **673**
Streptococcus sanguis, Cutaneous vasculitis and collapse, **695**
stress, A simple instrument for assessing stress in clinical practice, **408**
stress thrombosis, Painless arm swelling in a young woman, **773**
stroke, Acute psychosis in two elderly patients, **569**
Assessment and treatment of nutritional status in stroke patients: *review,* **395**
Platelets, aspirin, and cardiovascular disease: *review,* **587**
Sudden onset vomiting and vertigo following chiropractic neck manipulation, **567**
subarachnoid haemorrhage, An unconscious patient with an electrocardiogram mimicking an acute myocardial infarct, **499**
Subarachnoid haemorrhage: difficulties in diagnosis and treatment, **743**
subdural haematoma, Fever, mucocutaneous haemorrhage, and severe headache during an epidemic of haemorrhagic fever, **433**
sudden death, Spontaneous haemothorax: a cause of sudden death in von Recklinghausen's disease, **679**
Sudden death associated with group A streptococcal infection in an 8-year-old girl with undiagnosed hypertrophic cardiomyopathy, **673**
superior mesenteric artery syndrome, The young woman who could not stop vomiting, **691**
superior sagittal sinus thrombosis, Superior sagittal sinus and inferior vena cava thrombosis with acute Budd-Chiari syndrome, **557**
superior vena cava syndrome, Compression syndromes caused by substernal goitres: *review,* **327**
surgery, The role of surgery in pseudomembranous enterocolitis: *review,* **216**
swimming goggles, Diplopia in a swimmer due to badly fitting goggles, **607**
syncope, Cardiac syncope due to transient coronary artery occlusion: the role of percutaneous angioplasty, **361**
syndrome of inappropriate antidiuresis, Hyponatraemia: biochemical and clinical perspectives: *review,* **516**
synovial chondromatosis, A case of intra-articular metaplasia, **565**
systemic capillary leak syndrome, Systemic capillary leak syndrome: where does the fluid go?: *letter,* **447**
systemic lupus erythematosus, Pyrexia of unknown origin, the age-old dilemma, **761**
systemic multifocal fibrosclerosis, Systemic multifocal fibrosclerosis, **608**
systemic vasculitides, Assessment of disease activity in systemic vasculitis: *review,* **1**
